\$ 75 Members  
\$ 125 Nonmembers

Wednesday, December 12, 2018 – 1:00-2:00 pm ET

Objectives:

- Highlight the requirements of NOM-018-STPS-2015
- Provide an overview of the standard industry practices

Abstract:

GHS in Mexico has been available since 2011 with regulation NMX-R-019-SCFI-2011. The publication of NOM-018-STPS-2015 offered an updated alignment with the purple book and a three-year transition period. The end of this transition period was October 9, 2018.

Two months after NOM-018-STPS-2015 entered into force, this webinar will provide an overview of the implementation of GHS in Mexico according to regulation NOM-018-STPS-2015 and address frequently asked questions on standard industry practices.

Agenda:

- Introduction
- GHS in Mexico
  - o GHS Regulations
  - o Overview of Hazard Classifications
  - o Overview of SDS Content
  - o Other regulations
- Standard Industry Practices
- Q&A session
